Sherry Burroughs.

Sharon Maddy- Color Guard

The band has had a rifleman or flagbearer to lead it for many years. This year the color guard carries the American flag.

The feature twirler is a specially selected majorette whose special talents enable her to perform spectacular routines during the band's activities. She twirls dangerous fire, sometimes two fire batons, and dazzles the spectators who see her performances.

DEDICATION

AT THE GAME—

Dr. James William Stokes came to Hinton in 1925, in the days when there were few roads. Through rain, sleet, and snow, he attended the sick by walking or riding horseback into the remote areas of the county. The distance was never too far nor the weather too bad when duty called. Through the years the picture has changed but little. Now, almost 50 years later, he still holds regular hours at his Temple Street office, an office that is always full. Today, as in the depression years, many of his services go unrewarded as far as money is concerned—but "Doc" has his reward. People love him.

Needless to say, his services to the area have not all been as a doctor. He is a firm believer in education. He served 22 years on the Summers County Board of Education, active more than half of this time as its president. In addition to this, he has been the City and County Health Officer and Coroner for the past 25 years, physician for the Hinton Bobcats since 1935, physician for two summer camps for the area, and sponsor for the Student Exchange Program through Rotary International.

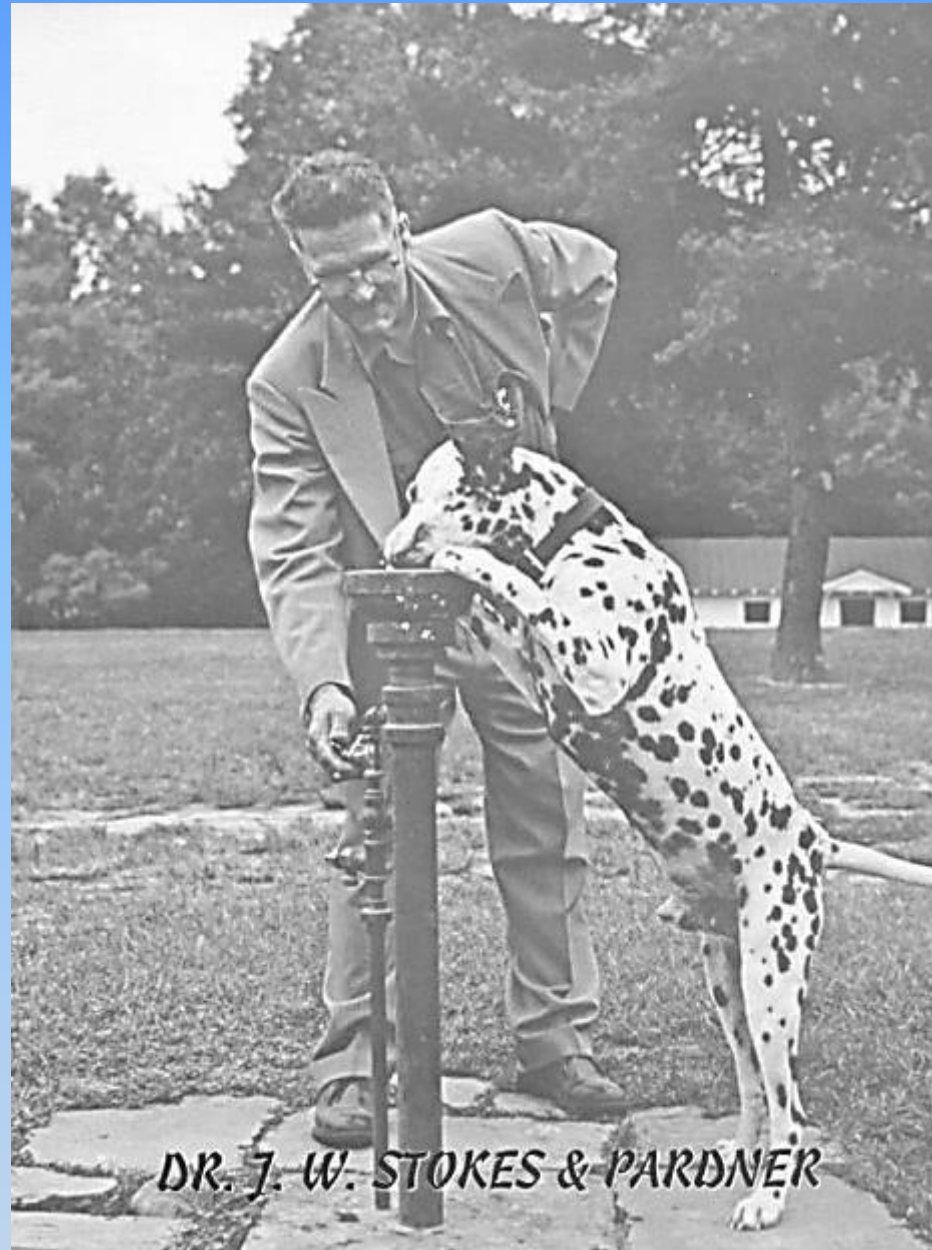

"Doc", who enjoys seeing new places, has traveled widely afield. Being an avid photographer, he captures the sights in beautiful color slides, which he always shares with others through programs for civic organizations. One of his latest trips was taken last summer when he and Mrs. Stokes accompanied a group of Latin students to Rome and other points of interest in Europe. In his spare time, "Doc" plays the organ, serves as a lay speaker for the United Methodist Church, and until recently, was actively engaged in flying. He had logged more than 700 hours when a heart attack forced him to abandon it.

Perhaps "Doc's" greatest joy comes from his many friends. Without doubt, one of his best friends and closest companions is his dog, Pardner. When his first dog died, the students of Hinton High School made up money and bought him another one to show their love. In 1962, they named their football field, "Stokes Stadium", in his honor. "Doc" is there for every game.

Stokes estimates--he has long ago lost count--that he has delivered more than 8000 babies, many of which are members of our present graduating class. Although most of his work of this kind is now done at the local hospitals, he is still going strong. He says that he has no thought of retiring, although he is now 73. From his office desk recently he made this comment, "My grave marker has already been erected at Restwood. When I retire, I'll be there. As long as I can put one foot in front of another, I'll be here." And he will!

We, the Senior Class of Hinton High School, would like to dedicate our 1972 "Dart" to Dr. J. W. Stokes, who is as much a part of Hinton as our high school on the corner. Lovingly known as "Doc", he has become a legend in his own time as a great humanitarian and the fan of the "Country Doctor". We would like to take this opportunity to say "Thanks" to a great man to whom we all owe a tremendous debt of gratitude.

The Hinton High Bible Club exists for everyone who desires to learn more about and serve The Lord Jesus Christ. It meets every Monday, Wednesday, and Friday at lunch for devotions. The Bible Club has been in existence for six years and started with 29 members. It has won first place awards for it's Homecoming and Christmas Parade floats.

It's activities include witnessing to students, Christmas caroling, fruit baskets, and bake sales. The Bible Club sponsored the Thanksgiving Program with the Youth Aflame Singers from Liberty Baptist College. The program proved to be a big success from the comments by both students and faculty.

THE DART has been in existence since 1911. The first yearbook was a quarterly journal which was later replaced by a newspaper. The once a year publication of pictures was then established and it has always been called THE DART with the design being a simple arrow.

The Dart Staff works fifth period to produce an interesting and informative record of the year. The 1978 Staff established the annual tradition of placing the crest on the cover.
